RESCUERS WERE CAGED BY SECOND EXPLOSION

Two Men Only Have Yet Been
Removed From Death
Trap

JOHNSTOWN, Pa., Jan. 26.—Two men were removed during the night from the Merchants Coal Company mine at Boswell, where seventy-five miners were imprisoned today, following an explosion on one of the lower levels.

The mine is reported as on fire, and there is but little hope of the miners' escape. A second explosion occurred while a party of rescuers were at work. These men also have been reported as cut off from escape.

HOUSE REJECTS ADDS TO SALARY INCREASE BILL

WASHINGTON, Jan. 26.—The house upon motion by Bingham, of Pennsylvania, today disagreed on the amendments made by the senate to the bill increasing the salaries of the president, vice-president, speaker, justices of the supreme court and others. The bill was passed first by the house, then sent to the senate where it was amended. This action ties up the measure for a time.

HAVANA, Jan. 26.—Thursday will see the taking on of its own government by Cuba, when Gen. Jose Miguel Gomez was inaugurated.

NEAR-CENTENARIAN WAS BURIED TODAY

After almost a century of life George N. White was today laid away for a last long sleep in the Santa Ana cemetery where his wife, Mrs. Abbie Currier White, was buried three years ago.

The funeral services over the remains of Mr. White were conducted by Rev. Chas. H. Secombe, pastor of the Congregational church, at 10 o'clock this forenoon, and were held at the residence of Miss Amella Randall, a niece by marriage. Except for Miss Randall, and his sister-in-law, Mrs. Fogg, Mr. White was quite without connections here. He had but few and distant relatives in the last, as his span of life stretched out long beyond the most.

The pall bearers were Messrs. S. Hill, A. H. Nickell, W. W. Buell, R. S. Morse, J. D. Parsons and Judge Towne.

TEDDY NOW HAS HOPE OF TWO NEW STATES

WASHINGTON, Jan. 26.—President Roosevelt hopes that both New Mexico and Arizona will be admitted into the union as separate states before he leaves the White House.

It was reported today that Speaker Cannon had agreed that the bill shall pass. It is likely the bill will meet with some opposition in the senate but it is believed it will be passed without serious difficulty very soon.

CAR CRASHES INTO TRAIN

Three Men Painfully Injured;
Defective Brake Was Accident's Cause

LOS ANGELES, Jan. 26.—Three men were painfully injured and Pacific Electric car No. 115, Brooklyn-avenue line, was wrecked in a collision with a Southern Pacific passenger train at the Macy and Alameda street crossing last night.

With the passengers imprisoned inside of the closed compartment, the street car was thrust from the tracks and turned completely over. For a moment the crash of timbers drowned the cries of the victims and, then as the car settled into the mud, the calls for aid became piercing and rescuers hurried to the scene.

A defective brake caused the accident.

The injured: Jas. M. McKasson, Ave. 64 and Sunset Boulevard; Ramon Garcia, 2214 Aero street, Edendale; Carl Anderson, 945 Maple avenue.

COLLEGE CHORAL GAVE HADYN'S "CREATION"

CLAREMONT, Jan. 26.—The Pomona College choral union scored an immense success last night under Prof. F. A. Bacon in its rendition of Haydn's oratorio, "The Creation." The principal parts were carried by Abraham Miller, tenor, and Edwin House, baritone, of Los Angeles, and Misses Eva J. Southwick and Edna Lee Roof, sopranos, pupils of Prof. Bacon. A choir of about one hundred voices presented the oratorio.

\$11,000 WAS RAISED FOR POMONA COLLEGE FUND

CLAREMONT, Jan. 26.—Nearly eleven thousand dollars was raised among Claremont citizens at Sunday morning's church service toward the two hundred and fifty thousand dollar fund now being raised for Pomona college, making a total subscription of about one hundred and sixty thousand dollars.

DYNAMITE EXPLODED BEHIND BUILDING

Charge Tore Away Small Portion of
Central Primary School
Fence

Miscreants, probably boys, exploded a piece of dynamite on a fence behind the Central Primary building on Church street, at 11:20 o'clock last night. A hole was torn in the fence and one window of the school building was broken. The charge rattled windows, shook the jail, disturbed sleepers for many blocks, and the sound was heard for several miles around. Officers today are looking for the offenders. It is thought that the dynamite used was part of a large quantity stolen yesterday from the Pixley Hardware Co. at Orange. Forty pounds of dynamite was the amount stolen. The theft occurred some time yesterday afternoon.

The dynamite was placed on the fence that runs north from the center of the rear of the Central Primary building, dividing the playground at the rear. On one side of

California Faces Tariff Reduction

WASHINGTON, Jan. 26.—(S. M. Evans, United Press staff correspondent)—That California producers, especially the grape, orange, lemon, hop and olive growers must look for a substantial reduction in the tariff on their products instead of the increase they asked congress for, is the reliable information received today.

It is known the Republican members of the Ways and Means committee have voted for the reduction of the tariff on these articles.

The Californians were subjected to a severe hammering from the importers of New York, who filed briefs before the committee urging a reduction of the tariff. While the committee did not heed the importers against the producers, they had voted reductions on other American products. Congressman Needham, the Pacific Coast representative on the committee, was put in the position of voting for decreases in schedules affecting producers territory of other members of the committee, while demanding protection and higher schedules for his own people.

While members of the committee pledged secrecy regarding the tariff, Needham admitted today that the tariff on these California products would be lowered. He said: "I found I could not ask a 'stand pat' policy on the products of my people while voting to cut others. So what could I do?"

It is understood that the tariff on oranges, lemons, raisins and olives is to be reduced ten per cent, while the tariff on hops will remain where it is or be cut only two per cent.

WORD-QUAKE IN CONGRESS

Henry P. Rainey Rends the Air
With Attack on William
Nelson Cromwell

Sensational Charge of Combine
to Rob Panama Republic
and United States

WASHINGTON, Jan. 26.—Branding William Nelson Cromwell, the wealthy New York attorney who in behalf of the French interests conducted the negotiations for the sale of the Panama canal to the United States, as a buccaneer and desperado, Henry P. Rainey, of Illinois, today gave the house a sensational resume of the Panama Canal situation.

He charged Cromwell and certain associates with trying to "steal and appropriate to their own use, the revenue of the Panama republic."

He professed to prove the existence of the most stupendous graft combine in the history of the civilized world, and charged that Cromwell was a "party to the attempt to collect from the United States fraudulent claims amounting to two million dollars."

He said Cromwell was the chief manipulator of the machinations that resulted in the revolution of Novem-

ber, 1903, and a member of a combine with the intention "not only to rob the Panama republic but also the treasury of the United States"

The speaker explained he did not charge that President-elect Taft was a party to the "infamous scheme." He said he only submitted the evidence he had received. He said: "It will not be long, if the scheme goes through, before the campaign contributions by some of the gentlemen interested in the enterprise will be returned an hundred fold. It is not a part of sound statesmanship and true patriotism to employ all the tremendous agencies that were attempting to crush those newspapers having the courage to call attention to the questionable transaction in connection with the canal."

"Public opinion, even in Germany would not permit the emperor to do what the president of the United States is attempting."

Rainey then said President Roosevelt had made a direct misstatement of fact relative to his message of December 17th, 1906, with reference to the canal. He then adverted to the governmental investigation of Senator Tillman for depriving the government of two cents revenue by the use of his frank, which was "considered important enough to be embodied in a special message by President Roosevelt."

"I haven't heard," said Rainey, "of the secret service disturbing Senator Lodge yet he is directly and individually responsible for the fact that a million dollars had been taken out of the treasury."

He charged that Taft's visiting of Panama was a furtherance of Cromwell's plans. He claimed to have proof "establishing absolutely the existence of a combination between Taft, representing the United States, Cromwell and his friends, to force the election of Obaldia to the presidency of Panama." He asserted that Obaldia represents everything corrupt in Spanish America.

NEW YORK, Jan. 26.—More than 1500 men and women who had looked death in the face out at sea for endless hours, when the ships Republic and Florida met in deadly collision, were safely landed in New York early yesterday afternoon, when the White Star liner Baltic was docked. Throngs on the docks greeted the ship and her precious freight of rescued people, with mighty cheers.

HE DIED OF GRIEF AND SHIPWRECK INJURIES

Eugene Lynch of Boston, whose wife was killed on the lost steamship Republic, in its fatal collision with the Florida on last Saturday morning, died today from his injuries and from grief.

He was severely hurt in the wreck, but he might have recovered if he had not grieved so deeply over the terrible death of his wife.

Clerk—One courtroom deputy at \$100 per month.

Tax Collector—\$1200 per year for office help.

Auditor—\$900 a year for office help.

District Attorney—One deputy at \$100 per month.

Treasurer—One deputy at \$75 per month.

Supervisors—As assemblyman sees fit, the supervisors having asked for \$600 per year additional as road commissioners.

TRAIN CRASHES DOWN STEEP EMBANKMENT

COSHOCTON, Ohio, Jan. 26.—Seventeen passengers were injured early today when the Pittsburg and St. Louis Express, eastward bound, toppled from an embankment at Adams Hills, nine miles west of here. A broken rail caused the accident. No deaths are reported.

General Manager McKee of the Vandalia branch, was cut by glass when his private car fell fifty feet down the embankment. The Pullman car was also derailed.

TWO BANDITS ROBBED FOUR

Then Fight Came on Double
Quick and One Man May
Die of Wound

LOS ANGELES, Jan. 26.—One after another four men were last night warned by two "hold ups" to "throw up their hands" and to lean themselves against a fence, where they were skillfully robbed of their valuables by one of the bandits, while the other stood guard with his gun. As the first one disappeared with the loot, the last one ran, ordering his victims to stay where they were till he was out of sight. Disobeying his orders, a fight followed in which Thomas Ryles, a piano teacher, was perhaps fatally shot in the abdomen. The robber escaped losing his hat and revolver, now in the possession of the police.

The bold affair with its dramatic and perhaps fatal features took place within three blocks of the central police station under bright lights. The police are scouring the country. \$19.17 is all that the "hold-ups" secured from their four victims.

TO TRY TO FREE BILLIK SAVED FROM HANGING

CHICAGO, Jan. 25.—"If we can get the money we can get the evidence to win a pardon and liberty for Herman Billik," said Rev. P. J. O'Callahan of the Paulist Fathers today. Father O'Callahan is the man who led the popular movement which resulted in the recent commutation of the death sentence of Billik to life imprisonment, and who declares that Billik did not kill the Vrzal family.

GILLETT ASKS FOR DEATH OF JAP BILLS

Mildly Hints That if Not Ended

Use Veto Hatchet

GOVERNMENT WOULD BE HAMPERED BY BILLS

Advises Taking Jap Census to
Determine Any Recent
Increase

SACRAMENTO, Jan. 26.—Gov. Gillette today sent a special message to the legislature asking that no further consideration be given to the anti-alien bills now before the law-makers. Although the governor expresses himself mildly and conservatively on the Japanese question there are plain hints that he will veto any bills aimed against the Japs. He declares such legislation would embarrass the Federal government and cause serious friction with Japan.

He suggests that the legislature instruct the labor commissioner to take a census of the Japanese population and prepare data showing where the Nipponese population has increased recently.

The governor's message is believed to be the final word on the anti-Japanese question. The message was received without discussion and both houses referred it to the committee on executive communications.

SENATOR SAVAGE STRIKES REPORTER IN THE FACE

SACRAMENTO, Jan. 26.—After publicly charging on the senate floor that Edward A. Dickson, a Los Angeles newspaper reporter, had misrepresented him in regard to his attitude toward the anti-race track bill, Senator Savage of that city, struck Dickson in the face today when they met in the court room.

Dickson made no effort to retaliate, explaining that on account of the senator's age he did not desire to engage in a brawl with him.

Savage made a bitter speech, basing his remarks on the statement that Dickson had placed his name on the list of senators published as opposed to the Walker-Otis anti-track bill.

SAN DIEGO'S CHARTER IS NOW LEGALLY AMENDED

SACRAMENTO, Jan. 26.—With Grove Johnson casting the only negative vote, and with Assemblyman Mott refusing to go on record, the assembly today approved the amendments to the San Diego charter. The amendments had already been ratified by the senate under a suspension of rules as requested by Senator Wright. Under the new charter San Diego will conduct her affairs along the "commission system."

PLEAD WITH MINISTER TO STAY WITH THEM

SAN BERNARDINO, Jan. 25.—When Rev. Mark B. Shaw declared to accept the call to the Figueroa Street Baptist church in Los Angeles it was decided that a vote on the question of accepting his resignation would be taken. Out of a membership of more than 3250, 95 per cent voted to refuse to accept the pastor's resignation.

Today Rev. Shaw declared that he would accept the new call, although 325 members of his church are pleading with him to remain.

FREE HUNTING IS THE OBJECT

Melrose Would Have the State
Game Men Investigate
On the Bay

Newport Beach Chamber Sends
Up Resolution on the
Matter

The following dispatch appeared in the Los Angeles Times this morning: SACRAMENTO, Jan. 25.—The move of Assemblyman Melrose of Orange county for free hunting grounds for all nimrods of the state took shape today when he drafted a resolution for presentation tomorrow, calling upon the committee on Fish and Game to investigate the condition surrounding the game preserve in Newport Bay.

Several days ago as noted in these dispatches, Mr. Melrose called attention to the fact that the state maintains a game preserve on the waters at Newport Bay, and that practically the only beneficiaries are members of the San Joaquin Gun Club, the "common peepul" with cheap guns, being barred alike from the preserve, and

from the immediately adjacent grounds of the club.

Now the Newport Beach Chamber of Commerce, through its president, W. W. Wilson, has forwarded to the legislature resolutions declaring that all the people are entitled to the benefits of the preserve, that wild water fowl flock there in great numbers, that nearly all the duck grounds of the state are in the possession of "rich gun clubs and that men of ordinary means are deprived of the pleasure of shooting, particularly in the vicinity of Newport Bay."

It also is alleged in the resolution that upper Newport Bay is unlawfully held by the Irvine company in defiance of the state law relating to tide lands, and a certain part of the upper bay is leased by the Irvine company to the San Joaquin Gun Club, the remainder of the upper bay being set aside as a state game preserve. It is from this preserve that ducks and geese hop across the wire fence to the gun club grounds, and get shot in the neck and other places.

Another assertion is that State Game Warden H. J. Connell is a member of the San Joaquin Gun Club, and that H. Keady, a deputy warden stationed on the preserve, draws pay from the state and also is in the employ of the gun club as boatman and servant.

It is demanded by the Newport Beach people that the game preserve be abolished, and it is the purpose of Assemblyman Melrose through his resolution to call upon the Fish and Game committee to take action that will help the non-club nimrods.

South Sea Feuds

The natives of the Solomon islands are continually involved in feuds and many murders are committed on the theory of "a life for a life." Whenever a man belonging to one tribe is killed by a member of another community no peace is declared until the death has been avenged by the former tribe, and generally an inoffensive man is the victim, because he fails to guard himself from attack.

Some strange stories concerning these islanders are told by Miss Young, of the South Sea Islands Evangelical mission, who has recently returned to England after a four months' stay in the far east. One morning a native left the mission to visit his gardens a short distance away, and while working there some bushmen approached and entered into conversation with him. After talking together and eating some fruit which the gardener offered them, they suddenly attacked and murdered him on the spot. Thus was avenged a murder committed some months previously by the victim's tribe.—Harper's Weekly.

ANOTHER WATER FIGHT UP RIVER

Action Affecting Flow of Santa
Ana, Upon Which We Are
Dependent

A protest has been filed by Riverside water companies with Secretary Fred S. Hotchkiss, of the Bear Valley Mutual Company, against the building of the proposed reservoir at Fillaree Flats by the company to impound flood waters of the Santa Ana river.

Riverside claims that the recent action of the government in withdrawing from entry land from the mouth of the Santa Ana canyon to a point between Redlands and Highland, in order that Riverside companies can spread the flood waters of the Santa Ana over the "wash" so that the water will percolate through the gravel beds and furnish an underground water supply that is tapped by the wells of the Riverside companies, gives these companies the right to the water and prohibits Redlands from impounding any of it in the proposed new reservoir.

Officers of the Redlands company say they anticipate no trouble in getting the water, having rights already to a large flow, and having filed on the other three years ago, when the Mutual company was organized, and each year done the necessary assessment work on the dam at Fillaree Flats for the reservoir. The work will go ahead regardless of the protest.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcolm Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one of the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

Here Is Our Offer

It's a Good Sound Common Sense Policy

To use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. It is foolish—often dangerous to do otherwise. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

Dr. Pierce's Favorite Prescription

THE ONE REMEDY for woman's ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it.

An Imported Animal

John S. Law has recently added to his stable of fine horses an imported animal from the Imperial country. It is small in size but has long beautiful ears, which were well worth the whole price paid for the creature. This little animal is commonly known as a burro and will probably serve as a mascot to the stables.

PASSED AWAY AT AGE OF NINETY-THREE

Mrs. Ruthe Abbott, sister of David Hewes, and mother-in-law of Mrs. Susie Abbott, who has just passed away at Hewes Hill in Orange, died at the grand old age of 93 at the home of her son, T. G. Abbott in Watertown, Mass., last Friday morning, Jan. 22. Mrs. Abbott was one of the grand women of New England. With a noble Christian character, endowed with a beautiful face, refinement and grace of manner, she was loved by all who knew her. Hospitable sometimes to a fault her home was a mecca to all. Her oldest son, Granville D., was one of the leading Baptist preachers and publishers of the Pacific Coast.

Mrs. Abbott is survived by one son, Tilden G. Abbott, of Watertown, Mass., at whose home she died. She was buried from the Baptist church in North Reading, her old home, Monday, Jan. 25, at 2:30 p. m.

WILL BUILD SOON EAST CHAPMAN AVE.

Mrs. I. W. Fuller will build on her property on East Chapman just across the bridge. Lumber is on the ground for a stable and the building will commence at once.

Presented With Vase

The young ladies of Mrs. J. P. Williams' Bible class held their annual meeting with Mrs. Williams last week. The young ladies presented their teacher with a beautiful brass vase as a token of their regard. Delicious refreshments were served.

NO ACTION ON THE PETITION

Wording of Requests Made by Property Owners on South Glassell

"Orange, Cal., Jan. 14, 1909.

"To the Honorable Board of Trustees of the City of Orange, Cal.

"Gentlemen:—We, the undersigned, property owners on South Glassell street, in the City of Orange, hereby petition you to make the following improvements, on South Glassell street from the Plaza Square to La Veta avenue:

"Have the motor track removed from the east side of the street, where it is at present an obstruction to the building of cement curbing, the planting of shade trees and the proper grading of the street.

"After the car line has been removed, order the curbing constructed, street trees planted and the street graded and paved with asphaltum from the Plaza Square to Almond avenue, and by the petroline method from Almond avenue south to La Veta avenue, or by some similar process.

"Having waited patiently for several years for the Pacific Electric Railway Company to fulfill its promise to remove its tracks, we now ask you to take positive action for the need improvements.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach and digestive processes which are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it? The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

MEMBER OF THE UNITED PRESS

THE PEOPLE STAND BY ROOSEVELT.

By the way, since congress undertook to discipline the president, the members are beginning "to hear from home." The people are writing to their congressmen to go slow. They are plainly told that the president is all right, and that congress is all wrong. Whereupon these same congressmen are quoted as saying that the president has the American people hypnotized. This certainly is an unique insult to fling in the faces of the people of this country. Hypnotized, indeed! Do these gentlemen want to know why the American people set such store on the president? It runs something like this:

One Theodore Roosevelt, being a young man of strenuous habits, honest purpose and fearless nature, got into office on his merits, and kept going higher until he became president. All along he stood for law and order, for honesty in office, and the "square deal" for every man. He also stuck to CLEAN POLITICS and clean government, and neither "higher-up" nor lower down could turn him from his course. And that was the way he "hypnotized" the American people. Roosevelt is the one man since Lincoln whom they have believed to be fully competent to deal with the situation, and they are not going to go back on him just because he has gotten into a row with congress.

ESTUDILLO VOTES WRONG; MELROSE VOTES RIGHT

From the "Legislative Record," Published Weekly by the People's Legislative Bureau, We May Know How We Are Represented at the State Capitol—Summary of the First and Second Week's Proceedings

FIRST WEEK, Jan. 4-8 Senate

The 38th session of the California State Legislature convened January 4, 1909. The most important feature of the first week was the action of the caucus on the question of admitting to that body Senator Charles W. Bell, of Pasadena. Senator Bell is a member of the Republican central committee of his county. His admission to caucus was bitterly fought by the machine element and his application, presented by Senator Boynton, was rejected by a vote of 16 to 14. The vote stood as follows:

To admit Bell: Senators Anthony, Birdsall, Black, Boynton, Cutten, Reilly, Roseberry, Rush, Savage, Stetson, Strobridge, Thompson, Walker and Welch.

Against admitting Bell: Senators Bates, Bills, Burnett, Estudillo, Finn, Hartman, Hurd, Leavitt, Lewis, Martinelli, McCartney, Price, Weed, Willis, Wolfe and Wright.

In former years Charles M. Shortridge, Eli Wright and Senator Bunkers all were admitted to the Republican caucus with less party standing to their credit. The public records of these men are notoriously not comparable with the admirable record of Senator Bell, as a legislator and as a party Republican.

Early in the session the senators favorable to the racetrack gamblers made an effort to change the Senate rules so as to require a two-thirds vote to force a bill out of committee. Had this proposition been adopted, it would have made it possible for fourteen members of the Senate to block all legislation, as they could hold a bill in committee indefinitely. Fortunately the scheme was exposed by the People's lobby and was abandoned, never reaching a vote.

Assembly

The most important feature of the first week in the Assembly arose in connection with the report of the Committee on Rules. The rules governing the 37th session provided that bills should be reported out of committee within ten days after being referred. Committee on Rules, Grove L. Johnson, chairman, proposed to eliminate the ten-day-limit provision, and require that a bill be reported out of committee "as soon as practicable." The report also recommended that there should be no debate on a motion to recall a bill from committee.

The obvious intent of this report was the smothering in committee of legislation opposed by the machine element. There is every indication that Speaker Stanton himself was a willing partner to the plot, in witness of which note the Committee on Rules appointed by him: Grove L. Johnson, chairman, Beardsley, Transue, Baxter, Beban and Stanton. Baxter was a Democratic floor leader in the 37th session and his record in that session showed a consistent opposition to the interests of the public.

When the Committee on Rules reported Thursday afternoon, Drew, of Fresno, moved that the temporary rules adopted on the first day of the session be substituted for the committee report. A bitter fight was instantly precipitated, Mott, Transue, Beardsley and Grove L. Johnson leading in advocacy of the proposed "cinch" rules. Drew was assisted in his fight for the old rules chiefly by Cattell, Cronin, Cogswell and Young. In this, the first test of the strength of the opposing forces in the Assembly, the substitute proposed by Mr. Drew was adopted by a vote of 41 to 32, as follows:

For the Drew resolution: Assemblymen Black, Bohnett, Callan, Cattell, Cogswell, Collum, Costar, Cronin, Drew, Flint, Gibbons, Hammon, Hanlon, Hayes, Hewitt, Hinkle, Hopkins, Irwin, Johnson of Placer, Julliard, Lightner, Maher, Melrose, Mendenhall, Odon, Otis, O'Neill, Polsley, Preston, Rech, Rutherford, Sackett, Silver, Stuckenbruck, Teller, Wagner, Webber, Wheelan, Whitney, Wilson and Young.

Against the Drew resolution: Assemblymen Barndollar, Beardslee, Beban, Coghlan, Collier, Cullen, Dean, Feeley, Flavelle, Fleisher, Gerdes, Greer, Griffiths, Hans, Hawks, Holmquist, Johnson of Sacramento, Johnson of San Diego, Johnston, Leeds, Macauley, McClellan, McManus,

Moore, Mott, Nelson, Perine, Pugh, Pulcifer, Schmitt, Transue and Mr. Speaker.

The Republican caucus for United States Senates was called for Thursday night. Practically all of the Republicans signed the caucus call, it being the intention of the anti-machine Republicans to make their fight against Perkins in caucus. Assemblyman Drew introduced a resolution citing the fact that Senator-elect Bristow of Kansas, had written a letter to Isidor Jacobs, of San Francisco, declaring that the principal obstacle to the establishment of a Federal line of steamers on the Pacific lay in the active opposition of both Senators Perkins and Flint. The resolution presented by Drew proposed that a telegram be sent to Senator Perkins asking him for his views on the establishment of a Federal line, and that the caucus be adjourned until Monday night of the week following to give Senator Perkins ample time for a reply.

The resolution was bitterly opposed, as the anti-Perkins men anticipated. After a hot two hours' debate, the resolution was beaten, the only men voting for it being Drew, Callan, Cattell, Flint and Young. Callan afterward left the caucus.

SECOND WEEK, Jan. 11-15 Senate

The most important event of the week in the Senate was the adoption of a drastic rule forbidding lobbyists the floor. This rule provides that "No person engaged in presenting to the Senate or its committees any business, or claim for legislation, shall be permitted to engage in such business during sessions of the Senate, or be permitted on the floor of the Senate during its sessions. And any person transgressing this rule shall be removed from the floor of the Senate and be debarred from the privilege of the floor during the remainder of the entire session."

It was made a part of the report of the Committee on Rules, which was adopted Thursday. Lieutenant Governor Porter announced that the rule would be strictly enforced, and that any and all persons detected in violating it would be debarred from the floor of the Senate during the present session.

For the first time for many years the notorious professional lobbyists employed by corporations are not seen in either house. There was no talk of the new rule, however, until it became known that the People of the State of California had established a Legislative Bureau for the safeguarding of their interests in the Legislature. This bureau is popularly known as the People's Lobby. It is noteworthy that the advent of the People's Lobby and the sudden acquirement of virtue by some of the most active machine politicians in the Senate were coincident.

On Tuesday, Jan. 12th, the Senate voted for a successor to Geo. C. Perkins in the United States Senate. The vote stood:

For Geo. C. Perkins—Senators Anthony, Bates, Bell, Bills, Birdsall, Black, Boynton, Burnett, Caminetti, Cutten, Estudillo, Finn, Hartman, Hurd, Leavitt, Lewis, Martinelli, McCartney, Price, Reilly, Roseberry, Rush, Savage, Stetson, Strobridge, Thompson, Walker, Weed, Welch, Willis, Wolfe and Wright—32.

For J. O. Davis—Senators Campbell, Cartwright, Curtin, Holohan, Miller and Sanford—6.

For Harry P. Flannery—Senator Hare—1.

For William H. Langdon—Senator Kennedy—1.

The joint session of both houses was held Wednesday, at which Geo. C. Perkins was elected United States Senator.

Senator Caminetti made a formal statement that he had pledged himself to support the candidate advocated by his constituents; therefore, he had voted for Mr. Perkins.

Assembly

In the Assembly, as in the Senate, stringent rules against lobbying were adopted, and Speaker Stanton announced his determination to enforce them to the letter. Rule 81 reads as follows:

"No person engaged in presenting to the Assembly or its committees any business or claim for legislation, shall be permitted to engage in such business during the sessions of the Assembly, or be permitted on the floor of the Assembly during its sessions, and any person transgressing this rule shall be debarred from the floor of the Assembly and be debarred from the privilege of the floor during the remainder of the session. The speaker is charged with the enforcement of this rule. This rule cannot be suspended except by a two-thirds vote of the entire Assembly."

On Tuesday, Jan. 12th, the Assembly voted for a successor to Geo. C. Perkins in the United States Senate. The vote stood:

For Geo. C. Perkins—Messrs. Barndollar, Beardslee, Beatty, Beban, Bohnett, Butler, Cattell, Coghlan, Cogswell, Collier, Costar, Cronin, Cullen, Dean, Drew, Feeley, Flavelle, Fleisher, Flint, Gerdes, Greer, Griffiths, Hammon, Hanlon, Hans, Hawk, Hayes, Hewitt, Hinkle, Holmquist, Johnson of Sacramento, Johnson of San Diego, Johnston of Contra Costa, Kehoe, Leeds, Macauley, McClellan, McManus, Melrose, Moore, Mott, Nelson, Otis, Perine, Pugh, Pulcifer,

Rech, Rutherford, Schmitt, Silver, Stanton, Telfer, Transue, Wagner, Whitney and Young—56.

For Harry P. Flannery—Messrs. Black, Collum, Hopkins, Lightner, O'Neill and Wheelan—6.

For J. O. Davis—Messrs. Baxter, Gibbons, Gillis, Irwin, Johnson, of Placer, Julliard, Maher, Mendenhall, Odon, Polsley, Preston, Stuckenbruck and Webber—13.

For Chester H. Rowell—Mr. Callan—1.

For Thos. R. Bard—Mr. Sackett—1.

For Theodore Bell—Mr. Wilson—1.

A new committee, known as the Committee on Common Carriers, was added to the list of Assembly committees this week. Much important legislation will be considered by the new committee, and its personnel is of wide interest. It is made up as follows: Perine, chairman, Hewitt, Transue, Irwin, Julliard, McClellan, Costar, Hawk, Rutherford, Melrose and Sackett.

Bishop to Be Here

Bishop Johnson will have charge of the confirmation services on next Sunday evening at the Church of the Messiah.

A Youthful Singer

Master Vernon Bettin, the well known 13-year-old boy vocalist of Southern California, will appear here on next Friday evening, Jan. 29, in Spurgeon's Hall, singing in a group of songs especially arranged for him, among which is "La Donna e Mobile" from Rigoletto, an ambitious number indeed for a youthful singer.

Master Bettin's voice has won the admiration of Ellen Beech Yaw, among many others, who after singing on the same program with him, said she had never before heard such artistic interpretation of songs from so youthful a singer.

Miss Ruth Deardorff, whose ability as a pianist is well known here, will assist at the Bettin recital.

A McKinley Tea

Tomorrow afternoon at G. A. R. Hall, from 2 to 5 o'clock, the ladies of the W. R. C. will give a McKinley tea, and will present a fine program in honor of the memory of the martyred president, Wm. McKinley. The program follows:

Vocal Duet, "Lead Kindly Light"—

Mesdames Winbigger and Garrett.

Address, "William McKinley"—E. T. Langley.

Vocal Duet, "The Vacant Chair"—

Mesdames Winbigger and Garrett.

Reading—Mrs. Helen Kellogg.

Instrumental Duet, "Idyll" (Ellenberg)—Mesdames Moesser and Paul.

Reading—Mrs. Nellie McTaggart.

Vocal Solo—Miss Cora Belt.

Reading, "The Carnation"—Mrs. A. J. Lawton.

Instrumental Solo—Mrs. Helen Barton.

Singing, "Nearer My God to Thee"—

Audience.

Ladies Auxiliary of Y. M. C. C.

The Ladies Auxiliary of the Y. M. C. C. will meet tomorrow afternoon at the club house at 2:30 o'clock. An election of officers will be held and all members are requested to be present.

Ladies not already belonging are invited to be present and become members.

Marriage of Miss Churchill

Miss Florence Estelle Churchill, formerly teacher in the Third street school, and whose resignation was sent in during the Christmas holidays, was married on Monday, Jan. 18th at Greeley, Colo., to Arthur Josiah Casabier.

Mrs. Arthur Johnston is able to be out once more after her serious illness.

Mr. and Mrs. Frank Todd have removed from 505 East Fifth to 816 Parton street.

Douglass Recital Tonight

The organ and piano recital to be given tonight at the Church of the Messiah by Ernest Douglass, of St. Paul's Pro-Cathedral, assisted by Percy Shaul Hallett, organist, of All Saints' church, Pasadena, will open at 8 o'clock. While there will be no admission charged, a liberal offering is hoped for to meet expenses. The program is given below:

Hymn, "O, God, Our Help in Ages Past"—Choir.

Fugue in B flat (Handel).

Three movements from Suite in E minor—Ernest Douglass.

Two movements from Pianoforte Concerto, op. 25 (Mendelssohn): (a) Andante; (b) Molto Allegro e vivace.

Gavotte Moderne in C (Tours).

Serenade (Ch. M. Widor).

Anthem, "Blessed Be the Lord" (Barnby).

Minuet, Symphony in E flat (Mozart).

Bridal Chorus (Lohngren)—(Wagner).

War March of Priests, Athalle, (Mendelssohn).

Hymn, "Jerusalem, the Golden"—Choir.

"A Hard Road to Travel"

Mrs. Cora Bradshaw of Portland, Oregon, arrived in Santa Ana yesterday morning for a several months' visit at the beautiful country home of her sister, Mrs. J. M. Akins of Tustin. Mrs. Bradshaw's trip from Oregon was full of incidents, as she passed through washouts, landslides, etcetera, on her journey which stretched out from last Tuesday, Jan. 18, till yesterday morning.

Mrs. Akins had her small share of experience also, going up to Los Angeles Sunday to meet her sister, who had telegraphed her departure from Oakland Saturday. From 9 o'clock Sunday night Mrs. Akins waited, in company with many other people, for the trains from the north, expected every few minutes but not arriving until almost 4 o'clock Monday morning. But "all is well that ends well," and now that the sisters are enjoying each other's company at the Akin ranch, the vicissitudes of the past week are but a pleasant topic of conversation.

Installation of Officers

The postponed installation and social meeting of the Modern National Reserve will take place tomorrow night, Wednesday, Jan. 27, at Fraternal Brotherhood Hall. All members are requested to be present, as the occasion will undoubtedly be a pleasant one. The new ritual ceremonies will be introduced.

Mrs. Guy Barker and four children of Plover, Ia., arrived here yesterday for a short visit with Capt. and Mrs. Barker, at 1414 N. Main street. Mrs. Barker is a daughter-in-law of Capt. Barker, and with her husband, will spend a part of the winter at Escondido.

A PLEASED AND SURPRISED RANCHER

The Six Sixty-seven Was "Like Getting Money From Home."

Saturday morning a rancher from west of town, accompanied by his wife, came to VANDERMAST & SON'S store for a suit.

He asked to see the best twenty dollar suit in the store. After looking and trying on various coats they selected a hand-tailored Hirsch-Wick wire dark gray suit and handed out a twenty dollar bill in payment.

The look of astonishment and satisfaction on their faces when they were handed back six dollars and sixty-seven cents was worth seeing. You see they did not know they were giving one-third off on those suits and that six sixty-seven was "like getting money from home."

VITAL RECORDS

George Nelson White was born August 8, 1812, and died Sunday morning, Jan. 24, 1909, in Santa Ana, Cal. He was the son of Robert White and Sally Frye White and was the ninth in a family of eleven children of whom he was the last survivor.

In 1844 he married Miss Abby P. Currier who died in 1880. In 1883 he married Miss H. B. Finch who died in Santa Ana, January 26, 1906.

In 1819 the White family removed from Vermont to South Montville, Maine, where the deceased lived till middle life. He resided some years in Boston, then moved in the fifties to Illinois where he lived forty years, most of the time in Champaign.

In 1896 he removed to the milder climate of California, and since 1898 has been a resident of Santa Ana. Mr. White was a man of much native ability and sound judgment, of strong and trustworthy character, and in the course of his long life filled creditably various positions of public trust. He lived a highly moral life and in his younger days was an active worker in the temperance cause. He believed in God and universal salvation through Christ.

The past three years and more he has been extremely feeble and, with slight exception confined to his room he has evinced much patience and fortitude.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash

—It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

For sale at Wingood's drug store.

High School Notes

The High School Debating Club meets the Orange Union High School in debate next Saturday evening in the auditorium of the latter school.

The Santa Ana speakers are Miss Ella Livingston and Mr. Elmer Worthing. They have the negative of the question, "Resolved that women should be given equal political rights with men in the United States."

This is the opposite side of the question on which the High School won such a decisive victory last Saturday, and will be doubly interesting on that account.

ANNUAL MEETING TO BE HELD FEB. 9

Local Association Has But Few Walnuts on Hand From Last Crop

The Santa Ana Valley Walnut Association has but six and a half carloads of walnuts left, and it is thought that four of the six and a half will be sold immediately. On Feb. 9 the annual meeting of the association will be held, and at that time the reports will show the work done during the year and the prices received. By Feb. 9 the entire crop will be sold.

BONDS ARE PROPOSED FOR IMPROVEMENT OF WATER SYSTEM

NEWPORT BEACH, Jan. 25.—When it got the casing of the well down on a hard shell of rock, the Newport Water Company lost the last well at a depth of 300 feet. A charge of dynamite not only blew out the rock, but destroyed the casing.

A reservoir will soon be constructed near the Santa Ana river in order to gain additional water pressure. Bonds to the value of \$10,000 will be floated for the improvement of the city water works system.

Appreciated Visit

The inmates of the County Hospital wish to return their thanks to the young ladies of the Methodist church for the fruit and flowers they generously took to them, and also for their singing and prayers. It is hoped they will make these visits often.

—The Automobile Show in Los Angeles this week promises to be the biggest thing of its kind ever held on the coast; all styles of automobiles will be shown, the Durocar Mfg. Co. will have one of the best exhibits on the floor, showing all their styles. This car is well known in Santa Ana, Wm. F. Lutz Co. having sold a large number of them here.

HORSE DIED IN FEW MINUTES AFTER HIS SALE

What would you think of a horse that would die within a few minutes after you had plunked down \$60 for him? "Tex" Stacey, a well known local horse trader, paid \$60 for an aged creature this morning, and as Stacey was leading the animal to his corral the blooming horse up and dropped dead. The death occurred on Sixth street in front of the court house. The horse was one formerly owned by City Clerk Tedford and was known as "Old Doodle."

ANY MAN buying an automobile has a right to and should demand full value for the money expended—He should insist that for every dollar the car costs him, He gets all the automobile that can possibly be supplied for that dollar. The question is, how can a man be positive that in the car he is buying, he is getting full value,—the finest catalogue often describes the most inferior car. Where the Ford buyer is safe is in the fact that he is buying a car of a company that has actually built more cars than any other, and there are 25,000 Ford Cars proving Ford superiority—that they have almost completed the largest automobile

DENY THAT LEASE WAS VIOLATED

Answer Filed Today by Tent
City Company to Method-
ists' Complaint

Declares No Teaching Against
Principles and Usages
of the Church

The Huntington Beach Tent City
Co., defendant in the suit brought by
the Huntington Beach Methodist As-
sembly to cancel the lease of the tent
city company on its holdings at Hunt-
ington Beach, today filed an answer
in which it denies that it violated the
terms of the lease and denies that it
allowed the assembly hall on the
grounds to be used for high school
purposes without the knowledge and
consent of the Methodist Assembly.
The answer is filed by Attorneys
Montgomery & Tarver of Santa Ana,
and Bray, Barker & Bowen of Los
Angeles.

The Methodists in their complaint
asked that the lease of the tent city
company be cancelled because the
tent city company had not cared for
the grounds as specified in the lease,
and because the assembly hall was
used by the high school from Sep-
tember to December without the con-
sent of the Methodists. The answer
declares that permission to use the
building as a school was requested
and was given. The answer declares
that there was no teaching in the
building adverse to the principles and
usages of the Methodist church.

FIRST TO WEAR OUT WITH AGE

Recipe Valued by Elderly Peo-
ple to Relieve Kidney and
Bladder Trouble

—Th great majority of men and
women at the age of 50 years begin
to feel the first signs of advancing
age in some form of kidney trouble
and bladder weakness. Few are en-
tirely free from that torturous disease,
rheumatism, which is not a disease
in itself, but a symptom of deranged
function of the kidneys, which have
become clogged and sluggish, failing
in their duty of sifting and straining
the poisonous waste matter, uric acid,
etc. from the blood, permitting it to
remain and decompose, settling about
the joints and muscles, causing in-
tense pain and suffering.
The bladder, however, causes the

old folks the most annoyance, espe-
cially at night and early morning.

Hundreds of readers who suffer will
find the following, which is known as
the Dandelion mixture, the most
harmless and effective treatment to
clean the system of rheumatic poi-
sons, remove irritation of the bladder
and relieve urinary difficulties of the
old people. It is a true vitalizing ton-
ic to the entire kidney and urinary
structure, reinvigorating the entire
system.

The Dandelion mixture consists of
the following simple prescription, the
ingredients of which can be obtained
from any good pharmacy at small
cost: Compound Kargon, one ounce;
Fluid Extract Dandelion, one-half
ounce; Compound Syrup Sarsaparilla
three ounces. Shake well in a bottle
and take in teaspoonful doses after
each meal and upon going to bed,
also drink plenty of water.

This prescription, though simple, is
always effective in the diseases and
afflictions of the kidneys and bladder
and rheumatism.

ENORMOUS LOSS IN THE JOAQUIN VALLEY

Flood Waters Destroy Crops
and Stock; Without More
Rain Worst is Past

SAN FRANCISCO, Jan. 26.—Enor-
mous losses from floods are reported
from the lower San Joaquin Valley.
All the big islands are under water.
The potato, onion, celery and aspara-
gus crops are ruined, and thousands
of cattle, it is feared, are lost. On
Sherman Island, the largest and rich-
est of the islands at the mouth of the
river, is likely to be completely flood-
ed, the waters rushing in heavily
against the upper levees that still re-
main. 10,000 acres are already un-
der water. The water is fifteen feet

CATARRH CURED

No Cure, No Pay, is a Most Generous
Offer

—To get an antiseptic strong enough
to kill catarrh germs, and not destroy
the tissues of the membrane at the
same time, has been a problem which
was never solved until the discovery
of Hyomei (pronounced High-o-mei).

Hyomei is prepared from eucalyptus,
the most powerful yet healing anti-
septic known. Breathe it through the
inhaler over the inflamed and germ-
ridden membrane four or five times a
day, and in a few days the germs will
disappear.

The inflamed condition will go, too,
and the snuffling, hawking and offen-
sive breath, and the discharge of
mucous and crusts in the nose will
cease.

Then why should any catarrh suffer-
er hesitate, when the Rowley Drug
Co. has such faith in Hyomei that
they offer to return your money if af-
ter a fair trial Hyomei does not cure
catarrh.

A complete Hyomei outfit, including
the inhaler, costs \$1.00, and extra bot-
tles, if afterwards needed, costs but
50 cents. Hyomei also cures asthma,
croup, sore throat, colds or grip.

LOS ANGELES PRODUCE MARKET

Washouts on all of the lines running into Los Angeles from the north, caused a tightening of prices and higher figures in a number of vegetables. Those chiefly affected are potatoes and onions. Lompoc, one of the nearer fields for both of these products, is entirely inaccessible, and it will be four or five days until the roadbeds are sufficiently repaired to allow traffic from there. Lompoc Burbanks, as a result, were boosted to 2.25 a bushel on fancy stock. Lompoc Australian Brown onions were advanced to a top price of 2.25. Salinas spuds are selling at 2.25. Other varieties are up approximately. Shipping of vegetables of the lighter varieties, lettuce, cauliflower, celery and others, north, has been stopped on the same account. Local arrivals of these have been very light and, as a result, prices were up a little on most green truck. Cauliflower sold at 50 cents a dozen, an advance of from 15 to 20 cents. Much of the lettuce arriving is damaged by rain and already showed signs of rot. First class stock sold up to 1.00 a crate.

Case-count eggs sold at 34 cents a dozen. They moved very well on the street and were bid up from 33 cents. There were some excellent street arrivals, and the market continues firm. Express receipts reported were 187 cases. The few storage selects that remain are selling at 34 cents. There were no eastern eggs received. Butter was firm and unchanged. Ar-

Friday, Jan. 22, 128 cars; 111 cars oranges, 18 cars lemons. Saturday and Sunday, Jan. 23, 24, 120 cars; 97 cars oranges, 23 cars lemons. Total to date this season, 4219 cars; 3261 cars oranges, 958 cars lemons. Total to same date last season, 5159 cars; 4259 cars orange, 900 cars lemons.

rivals were not heavy for the two days. A little eastern butter is coming in and some was offered on the street at 33 cents a pound. Northern fresh cheese was in good demand, with lower prices that have gone into effect. Some dealers are selling the commodity as low as 15 cents a pound. Eastern cheese is firm.

Lima beans are selling lower by 25 cents a hundred. The demand for them has not been very active for some time past. Black eyes on the other hand have gone up 50 cents. There were not as many black eyes grown this year as last.

Despite the stiff prices prevailing on citrus fruit in the past few days, there was a good demand for oranges, lemons and tangerines. Arrivals were very small and there were many rumors regarding damage of the citrus orchards by the frosts of the last two or three nights. Fancy navel sold at an average of 2.25, while there were a few dealers asking as much as 2.50 a box. There were no Valencias on the market yesterday morning and few are expected any more.

Fish were again obtainable, but not in nearly the necessary quantities to supply the market. Lobsters were plentiful and there were a few crabs on hand, arriving here from San Diego. There were plenty ducks and wild geese on hand.

CONCERNING ENGINEERS

Question Is: Can a Government Expert be Secured For the Report

What can be done by the board of directors of the Santa Ana Valley Irrigation Company toward carrying out the resolution passed at the stockholders meeting at Orange Jan. 21 asking that a United States engineer be employed to look over the Santa Ana river and report on proposed plans for water development?

This question was asked one of the men who is well up in the councils of the company yesterday. His reply was that there would be considerable difficulty in securing such a report. In the first place any government engineer's views whose views are worth having will be hard to secure, for the reason that government engineers do not do private work. It is said that there is a common understanding among the leading engineers that they do not do that kind of work and moreover they are not allowed to do it. There are government engineers who might be persuaded to quit the

government service to take up private work, but not likely for a short job, and men who could be persuaded to quit for the service suggested—their opinion wouldn't be worth having.

Moreover, it is argued, that there are already numerous reports in existence that substantiate the plans proposed by Engineer H. Clay Kellogg, engineer for the S. A. V. I. Co., who has been at work on the river for twenty-five years. In 1891 a report was made to the water users northwest of the river by Engineer Scuyler, one of the engineers taken to Panama by President-elect Taft. Mendenhall's report of the underground waters of this section is public property.

GOOD ROADS TEXT FOR STRAIGHT TALK TO CALIFORNIANS

LOS ANGELES, Jan. 26.—Logan Waller Page, director of the Federal Bureau of Public Roads said last night in an address before the Chamber of Commerce:

"Roads in the United States are worse than the roads of any other civilized country on the face of the globe, and our system of road administration are, for the most part, extravagantly wasteful and totally inefficient and inadequate."

Mr. Page cited the fact that out of a total mileage of 2,155,000 only 7.14 per cent of the roads of the country were improved at all.

He said that if the present plans were carried out, Los Angeles county would have a system of public roads second to none in the world.

"No state in the Union presents so many difficult problems or such great possibilities in road building as California," said Mr. Page.

"California is one of the five wealthiest states in the Union and should lead in the matter of state appropriations for roads. Year by year throngs of tourists visit California in increasing numbers. The revenue from this

source must be very great, and as you improve your means of transportation, and more particularly the common roads, the revenue will increase."

DISTRICT ATTORNEY AND TREASURER TOO

(Continued From Page 1)

Veterinarian McFarlane diagnosed a case as glanders when it was not glanders. The letter stated that the horse showed no exterior symptoms of glanders, related treatment given him, but was not decisive on the point at issue.

Supervisor Angle said that there had been a lot of street talk about the inefficiency of the county vet, but the board was not in a position to do anything. No citation would be issued until written complaint had been filed. He said there was nothing tangible against McFarlane. There the matter dropped, other members agreeing with Angle.

So certain were two parties that there would be a vacancy in the office that they sent recommendations in to the supervisors as to a successor. The board would not hear the recommendations, there being no vacancy.

New District

The petition for the establishment of a new school district at Harper was granted on the recommendation of County Superintendent of Schools Mitchell. A delegation from Harper was present. Mitchell said there was

no objection to the district from Newport Beach, San Joaquin and Fairview, from which districts the new district is formed.

Bridge Petition

The petition signed by a large number of local men asking that Fifth street bridge, the Chapman street bridge and the bridges near Olive across the Santa Ana river be repaired was read and referred to Supervisors MacMullen, Moore and Lineberger. The petition stated that the asphaltum was worn out and advised that at least the asphaltum be removed so that a smooth surface will be left.

\$400 for Signs

The sum of \$400 was voted to aid the Automobile Club of Southern California in posting Orange county with signs. L. F. Block, representing the club, asked for an appropriation of \$500, agreeing that the club would spend a like amount in Orange county. Block explained the proposed posting. Signs would cost about \$6 a mile. The Norwalk road would be posted first. The supervisors agreed to pay the \$400 when the work has been done to the satisfaction of John Cubbon, representing the Santa Ana Automobile Club. The Southern California Club will maintain the signs.

Other Matters

A filing case for naturalization papers for the county clerk and one for the auditor were ordered. A typewriter for the clerk and one for the tax collector were also ordered, a typewriter now in use in the clerk's office to go to the surveyor's office. The sheriff was given permission to purchase linoleum, sheets and a desk for the county jail and to have leaks repaired.

Only one bid was received for stationery, that coming from P. S. Roper & Co., and to the bidder the contract was awarded.

A request from O. H. Burke asking that he be allowed to cut pepper trees in front of his place at Tustin and replace with other trees was referred to Supervisor Angle. Requests for cutting trees have been received by Angle from Griset and Logan.

HOPKINS IS LOSING VOTES

SPRINGFIELD, Ill., Jan. 26.—After casting the seventeenth ballot for United States Senator today, there is no indication of breaking the deadlock. Hopkins lost five votes, and may lose the contest.
